

BellaBot Pro

Premium Delivery & Advertising Robot

BellaBot Pro

Premium Delivery & Advertising Robot

BellaBot Pro, a premium indoor delivery and advertising solution, embodies the original BellaBot's charming cat-themed persona, offering multimodal interaction, ample payload capacity, and swappable battery technology.

Enhancing these core features, it features a large advertising screen for boosted promotional capabilities. We've refined visual tray detection for greater accuracy. Moreover, ambient tray lighting ensures clear guidance during meal pickup. With added front-view cameras, it enhances environmental awareness and enables interactive greetings. Supported by VSLAM + Lidar SLAM visual positioning, it's well-suited for large-scale deployments.

Product Introduction

BellaBot Pro

Product Specifications

Machine Dimension	57x55x129cm (22.44 x 21.65 x 50.79 in)
Machine Weight	55KG(121.25 lbs)
Loading Capacity	40kg (10kg/tray) 88.18 lbs (22.05 lbs/tray)
Tray Dimension	410mmx500mm (16.14 x 19.69 in)
Battery Capacity	25.6Ah
Cruise Speed	0.2-1.2m/s (0.66 – 3.94 ft/s)
Charging Time	4.5h
Screen	10.1-inch LCD screen and 18.5-inch LCD screen
Path Clearance	≥65cm (≥ 25.59 in)
Navigation Methods	VSLAM & Lidar SLAM

BellaBot Pro

VSLAM+ for Rapid Deployment Across Vast Venues

Precision Meets Presence

- Marker-less deployment, reducing **75%** deployment time
- Comfortable operation even in high ceiling environment up to **30 meters**
- Extra large scene mapping for up to **200,000m²**
- Improved stability with fewer changes of the positioning reference
- Greater adaptability of different scenarios under different light conditions

In-store Marketing

Reach More Customers with 18.5" Large Ad Display

- The 18.5" large ad screen can display promotional videos or pictures, providing a more **eye-catching approach** to marketing.
- Centered ad display perfectly adapts to the customer's angle of view, while maintaining the design aesthetic of the robot.
- BellaBot Pro is not only attractive to adults but also to children, making it ideal to impress the whole family.

In-store Marketing

Customized Advertisement

- Smarter voice communication capabilities powered by advanced AI: greeting guests, explain and compare products, and guiding customers effortlessly.

A Whole New Level of Meal Pick-up

Placing dishes onto the tray->

BellaBot Pro departs ->

Arrives at destination ->

Lights up to remind for meal pickup ->

Customer retrieves meal ->

Tray detects that dishes are taken ->

BellaBot Pro continues to next task

Effortless Maneuvering in Tighter Spaces

With a minimized clearance at 65 cm, BellaBot Pro is specially designed for complex and dynamic environments.

- Delivering the smoothest mobility capability within the same size as large delivery robots, it effortlessly navigates complex environments.
- Improved mobility in tight spaces enhances the robot's efficiency and performance, making it more adaptable to diverse environments and suitable for versatile applications.
- With a clearance of 65cm, it navigates seamlessly through various types of passages, including straight, L-shaped, S-shaped, and pivot turns.

Enhanced Multimodal Interaction
